

**Lieutenant Governor John Garamendi's Statement  
on Possibility of BART Strike**

SACRAMENTO – Lieutenant Governor John Garamendi today issued the following statement on the possibility of a strike impacting Bay Area Rapid Transit (BART):

“Californians, especially commuters in the Bay Area, have been watching BART labor negotiations with increasing concern, especially in these last 24 hours as BART management has imposed terms and conditions on members of ATU Local 1555 and union members have responded with a strike to start late Sunday night. Tonight I am calling on both sides to put the public first. I call on BART management to lift the imposed contract, and I call on ATU Local 1555 to suspend its call for a strike Sunday night. After four months of negotiations, the people of California need both sides to return to the table and act in the best interests of the state. During these challenging economic times, public transportation is a critical. All of us need to focus our attention on securing a settlement that protects our economy.”
